## Daycare Evaluation Contract

Daycare is a cage-free service designed for social dogs to play and have fun. All dog guests will be placed in a group based on their size and temperament. Since safety is our primary goal, Daycare is not for every dog. It is not a place for aggressive dogs to learn to be social. To be accepted into Daycare, each dog must complete an evaluation. In order to have an evaluation, each dog must:

- Complete the Dog Profile and Daycare Evaluation Check-In
- All pets must be owned for a minimum of 60 days
- Be at least 16 weeks of age and have completed all series of vaccinations, including a Bordetella (6 months). We highly recommend the Canine Influenza., Vaccinations must be given by a licensed veterinarian, no self-administered shots allowed.
- Pass Daycare Evaluation

Daycare Evaluation – Free Testing (11 am – 1 pm, M-F), Afternoon play or equivalent to full day of daycare required.

Owner understands that the service's leash-free environment allows dogs the opportunity to play in close physical contact (including nose-to-nose) with each other. Owner further understands that dogs are pack animals, lead with their teeth and paws, and are unpredictable in nature. Despite these precautions, Owner understands these risks are inherent to the services and hereby releases Creature Comforts, its employees or members or other agents, from any and all losses, damages, costs and expenses arising out of or in connection with any injury, communicable disease, airborne virus, or any other medical condition contracted by Owner's Dog at Creature Comforts. Owner agrees to be responsible for all damages and medical treatment for all injuries to Dog.
